## Client Experience

“Steve Gomes was friendly, professional, and responsive and I felt that I could trust him. I always feel like I am talking to someone who "gets it"”

**Mrs L Birtles, Owner, The Resourceful Partnership**

## Asset Finance

### Features and Benefits

- Spread the cost across a set period of fixed monthly instalments to smooth business cashflow
- Preserves capital / cashflow and existing arrangements
- Allows a business to fund almost any tangible business asset from as little as £5000
- Repayment terms available between 12 months and 84 months
- Usually more cost effective than other forms of borrowing

Within Asset Finance there are various styles of funding available depending upon the business' needs and the asset involved.

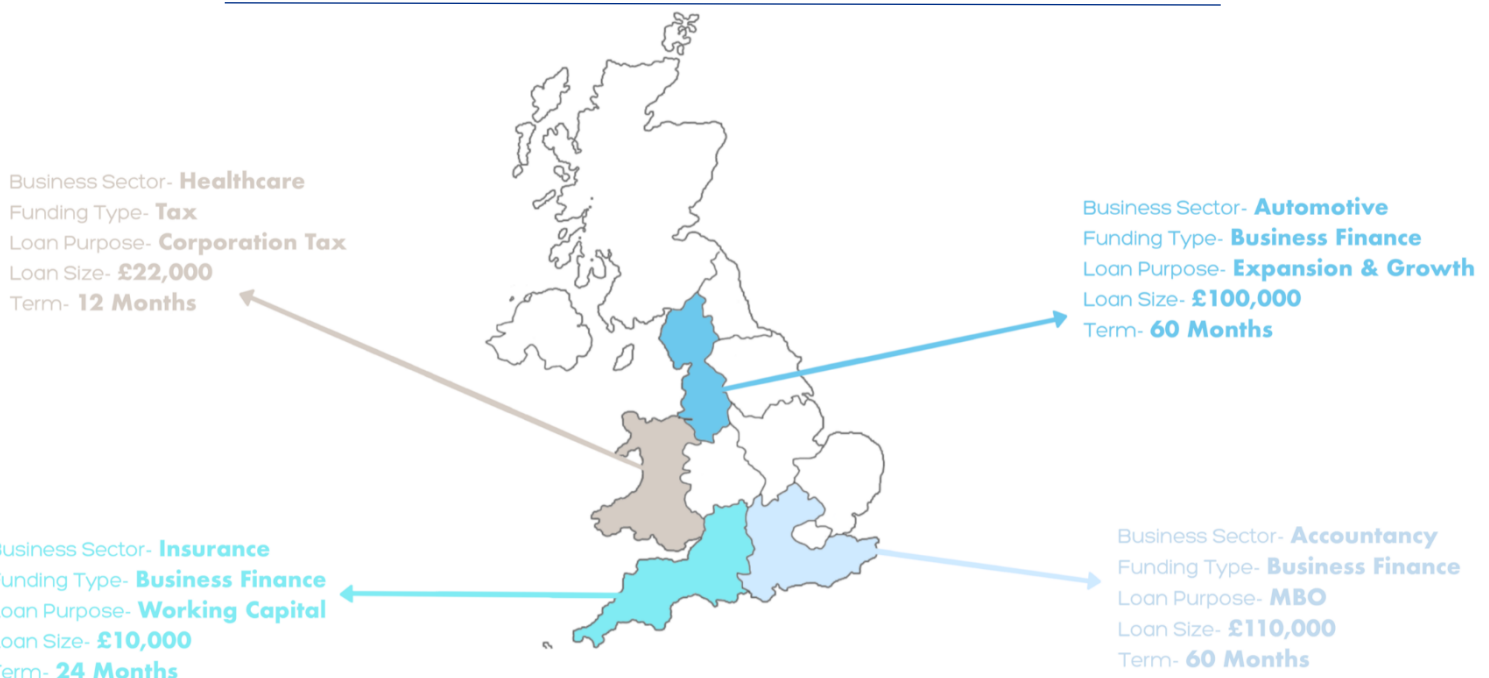

**Hire / Lease Purchase** - Straight forward asset funding that guarantees ownership at the end of the repayment term. VAT usually paid in advance, sometimes a VAT deferral is available.

**Finance Lease** - A finance lease allows the customer to use an asset rather than buy it with no ownership at the end. VAT is spread across the term

**Operating Lease** - A short-term lease where the asset is typically returned to the lender at the end of the contract. VAT is spread across the term

**Refinance** - Raising finance against equity that is locked in assets owned by the business

## Successful Funding

# Stroke Information

In the UK a stroke happens to approximately 153,000 people each year, globally that figure is 17 million every single year. The 29<sup>th</sup> of October celebrates World Stroke Day. Here at Amiga Finance, we are pleased to share the amazing work undertaken by registered charity, StrokeInformation.

Founded by ex-footballer, Nick Clarke, following his own severe stroke in September 2012. Nick felt there was something missing saying, "yes, the national stroke charity is very good at what they do, regarding awareness and preventative measures but they haven't been there and experienced what its really like." The peer led support group have a free weekly drop in located at Disability Stockport (23 High Street, Stockport, SK1 1EG) for anyone impacted by strokes. Allowing people to talk to others about their experience and guide them with information, support, advice and above all else HOPE. No appointment is necessary, just drop in any Monday between 10am-12pm (excluding bank holidays.)

StrokeInformation and Amiga Finance would like to congratulate Nick O'Hara a friend of John Gilgan who suffered his stroke 11 years ago, Nick ran the London Marathon recently in 3hours 29minutes. Nick Raised an amazing £595 for StrokeInformation.

We also want to congratulate Paula Byrne and Ali Sproson who completed the Manchester Half Marathon on Sunday 9th October, both of which have been impacted by the affect of strokes, due to their family member and work colleague both suffering from strokes in the past. Paula and Ali have raised just short of £2,000 for StrokeInformation.

StrokeInformation firmly believe that a stroke survivor still has a purpose in life and they will do what they can to help anyone impacted by Stroke. If you would like to find out more please find StrokeInformation's contact details below.
